

MAXIMA PRO

Irreplaceable for roof renovation

MAXIMA PRO is a universal ceramic roof tile designed especially for replacing old roofing. It fits perfectly into existing roof slopes covered with concrete roof tiles, which is invaluable especially in terraced housing. Its choice is supported by numerous assembly conveniences, economic arguments and a combination of proven shape with ceramic quality.

Dimensions: 329 x 397 mm

Consumption: from 9.5 pcs./m²

Weight: 3.7 kg/pcs.
